**Submission:** Save this Word document with your answers as a PDF file and upload the PDF file to Canvas.

Read the Case Study Overview

Create a list of 10 clarifications you need based on the project description

1. Will the project utilize only in-person books like paperback and hardback or will ebooks also be available?
2. How quickly does this application need to be developed?
3. Will there be a community section (forums) or is it strictly an exchange application?
4. Will memberships require a payment?
5. Will there be only one administrator or multiple?
6. Is there the potential to add a rewards system for finishing and/or donating books?
7. So, for every 20 books donated, that account holder can then borrow up to 5 books AT ONCE for an unlimited time?
8. What are the repercussions for people who do not return books after a specific length of time?
9. What kind of filter will be necessary for the review section?
10. Would adding third-party account support like Facebook make marketing the product easier and better for users to network?
