CPSC 3720 Lesson 30

Connie Taylor
Professor of Practice

Quiz 3

- Quiz 3 due at 11:59 pm tomorrow. Covers class 18+; same format as past quizzes (15 min, 6 questions, open note)
  - RESTful APIs
  - JSON
  - Definitions – Microservices, etc.
  - DFDs

Sprint 2 Reminders

- **<u>DFDs due today!</u>** Overall due date moved to Nov 6

- Pick two Epics from the Sprint 2 list in the Trello **3720 All team Hub** (same list as last time) <u>that involve your service</u>

- Create a DFD for the two epics for review by Monday (submit in Canvas and any format); clearly label all processes/data stores and data flows with the entity flows

- You will add the DFD work to your overall sprint tasks and it will also be part of the rubric for this sprint

- <u>You will create APIs that are required to support these two Epics</u>

- All deliverables are outlined in the assignment rubric

Up Next

- Moved due dates for all upcoming sprints

- One class per sprint for teams to work together

- Sprint reviews where teams will demo work for the completed sprints

- Final sprint will include team assessment for individuals to rate other team members

- Estimating, Planning, and project metrics is the next topic starting on Wednesday
